

COMPANY PROFILE

Founded in 2012, We specialise in complex and prestigious construction and infrastructure projects. Our portfolio includes some of the Mumbai's most iconic landmarks. We have also constructed vital infrastructure projects such as STPs, Warehouses, Industrial Sheds, sky scrapers.

Our expertise in estimating, executive, construction project management and preconstruction services ensures that our customers receive a quality product at a fair price and in a reasonable time frame. This is accomplished through the selective use of responsible team, hiring and retaining first class employees, and working for clients that share a belief in open, honest, and direct communication.

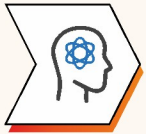

We strive to stay at the forefront by investing in advancing technology as our organization grows, embracing industry changes and the needs of

our clientele. We continuously diversify our skill set to separate us from our competition and foster loyal customer relationships through the breadth of expertise and our collaborative process, as well as our impeccable safety record and customer service.

We are committed to client satisfaction through excellent performance. To achieve this vision, we make every effort not just to meet client expectations, but to exceed them. We monitor our performance on all projects as we enhance our processes, customer relationships, and industry recognition.

We want to be recognised across the region as the most progressive construction management and contracting company. To be a market leader in the construction and contracting industry through implementing intelligent systems and challenging the limits of construction speed and efficiency while maintaining the highest levels of quality and safety.

Vision

To be the most trusted and efficient provider of construction services in the country while meeting challenges of execution, safety and timely delivery of the projects.

Mission

To deliver high-quality, cost-effective construction on schedule by employing and supporting motivated, flexible, and focused teams. Our commitment to this mission will allow us to become a premier construction company in India.

Values

Safety (what we expect of our teams)
Quality (what we expect of ourselves)
Integrity (the backbone of our business)
Customer satisfaction (our greatest reward)
Continuous improvement (what we strive for)
Respect for other (part of our company Culture)
Developing the best team (what supports our success)

Quality and EHS Policy

We are group of over 1,500 qualified professionals in different domain of construction industry. The team is led by under able leadership of Sanjay Wadekar and Savan Agrawal.

SANJAY WADEKAR
- Managing Director

As Managing Director of SRW Infra projects Ltd, I prioritize the Health, Safety, Environment, and Welfare (HSEW) of every individual involved in our operations. We recognize that our employees, subcontractors, clients, and the communities in which we operate are our most valuable assets. Therefore, it is our commitment to ensure a safe and healthy working environment for everyone.

We adhere strictly to all relevant health and safety regulations and standards, implementing rigorous procedures and protocols to mitigate risks and prevent accidents. We believe that all incidents are preventable through proper training, supervision, and the use of appropriate equipment.

Furthermore, we are dedicated to promoting the welfare of our workforce, ensuring fair treatment, equal opportunities, and fostering a culture of respect and inclusivity.

Our goal is to continually improve our HSEW performance through regular review, feedback, and the active involvement of our employees and stakeholders. By working together, we can achieve excellence in HSEW and contribute positively to our industry and society at large.

AJAY WADEKAR
- Director

Ajay Wadekar is the director of the company. He is graduate in electronics and telecommunication. He has total 11 years experience in this field and has been trying to implement the latest technologies & advancements in construction such as artificial intelligence and robotics which facilitates accuracy and quicker construction, saving time, money and other resources.

DEEPTI WADEKAR
- Admin And Hr Head

Deepti wadekar is the admin and hr head of the company for last 4 years.

She has accomplished the post graduate degree in arts and B.Ed from Nagpur university.
